

Celebrate a birthday with a birthday book!

The Birthday Book Program is the gift that keeps giving.

The Birthday Book Program is a way to commemorate a birthday and help the SMS Library grow. Whether it's your child's, a friend's, a parent or a teacher's birthday -- the Birthday Book Program is a way for your family to donate a book in their honor. Your contribution provides the library with a permanent gift for the students of today and tomorrow! What better way to inspire a child to read and share?

I'd like to order birthday books for the following people:

Name

Birthday Month

Donations are \$20 per birthday book. You will be invoiced through FACTS. Mrs. Brady will then help your child select a new book to be ordered for the library. A book plate will be placed in each book with the recipient's name and the current year.

Books will be presented monthly. Your child will bring home his/her birthday book to share with the family and return it to the library the next week. The book then becomes part of the SMS permanent library collection to be enjoyed by many readers throughout the years.

Contact Pat Brady pbrady@stmarys-sch.org if you have any questions regarding the birthday book program.
